**DR-3080C**

## HIGH-PERFORMANCE GETS A NEW VEHICLE.

High-performance scanning—retooled, refined, reborn. And ready to go to work in a place never before practical...right on your desk. Incorporating Canon's innovative DR-3000 Series

scanning technology, this new-generation, high-speed, high-performance DR-3080C Desktop Duplex Scanner brings enhanced productivity to the departmental level.

## LESS IS MORE.

Imagine production-level performance at a departmental-level price. Canon's DR-3080C delivers central reprographics-quality scanning without the high cost. Requires less space, too, so it can fit into tight corners. Best of all, with high-speed color/grayscale scanning, enhanced throughput, and simple operation, you'll enjoy less downtime and lower operating costs.

## QUICK RESPONSE.

Zero-to-86 in 60 seconds! Canon's DR-3080C accelerates throughput with scanning speeds up to 86 images per minute. Dual sensors provide fast, efficient one-pass, two-sided scanning for robust document management and flexible paper-handling. Twenty different scanning modes, including 24-bit color, 256-level grayscale, dual (color/grayscale) duplex mode, even text and photo modes, enable the DR-3080C to easily handle complex projects.

## SMOOTH HANDLING.

Increase your output not your input. Hands-off control is enhanced by Automatic Document Feeding, which automatically adjusts for varying sizes and thicknesses. And Skew Correction, for straightening misaligned documents automatically. Now even batch scanning is simple. And when a scanner is this easy to use, more people use it.

## FEWER TRAFFIC JAMS.

Canon's DR-3080C reduces gridlock with features that speed throughput and reduce user waiting time. And when traffic's moving, can better productivity be far behind?

**PRE-SCAN** – Lets users adjust image quality for entire batch while previewing updated first page.

**USER-PREFERENCE** – Allows quick-start scanning from 20 preprogrammed settings.

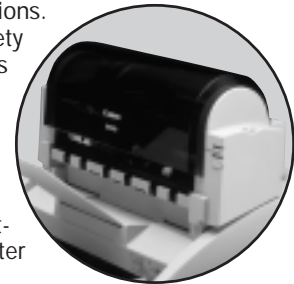

**SKIP BLANK PAGE** – User-programmable function for automatic blank page detection and deletion.

**SCAN PANEL** – Pop-up virtual panel allows changes to be made during scanning.

## ALL-TERRAIN RELIABILITY.

A choice of ISIS®- or TWAIN-included drivers provides compatibility with today's most popular scanning applications and software solutions.

There's also a variety of options, such as the Canon Endorser and Carrying Case, to help make the Canon DR-3080C Duplex Scanner your department's shortest route to greater productivity.

## Specifications

Type:	Desktop Document Scanner	Scanning Speeds*	Simplex	Duplex
Document Feeding:	Automatic or Manual	Black-and-white:	32 ipm	64 ipm
Document Size		Black-and-white (High-speed):	43 ipm	86 ipm
Width:	2.2" – 10.1" (55mm – 297mm)	Grayscale:	32 ipm	64 ipm
Length:	2.8" – 14.3" (70mm – 364mm)	Color (24-bit):	10 ipm	–
Thickness		Dual Mode (Color front, Grayscale back):	–	20 ipm
Automatic Feeding:	0.06mm – 0.15mm	Stacker Capacity:	100 Sheets (80 g/m <sup>2</sup> , LTR)	
Manual Feeding:	0.06mm – 0.20mm	Interface:	SCSI-II	
Grayscale:	8-bit, 256 Levels	Scanner Drivers:	For Windows® 95/98/2000/Me, Windows NT® 4.0: ISIS®, TWAIN	
Color (High-speed):	24-bit	Dimensions (H x W x D):	7.5" x 13.5" x 11" (191mm x 344mm x 280mm)	
Scanning Element:	Contact Image Sensor	Weight:	17.8 lb. (8.1Kg)	
Light Source:	LED	Power Consumption:	Max. 42W	
Operating Modes:	Simplex, Duplex, Black and White, Text Enhanced, Grayscale, Color, Dual	Options:	Endorser ED-500, Carrying Cases	
Drop-out Color:	3 User-selectable Settings (RGB)	*Examples based on typical settings, rated in images per minute with letter-sized documents @ 200 dpi. Actual processing speeds may vary based on PC performance and application software.		
Scanning Resolution:	100/200/300 dpi			
High-speed Mode (Interpolated):	300 x 150 dpi (300 dpi)
